

Your door journey starts here

With a huge range of door styles, a bespoke colour palette, and glass range to choose from, you can create a personalised Safeguard door that is truly unique to your home.

Choose your door style

Your front door is the first thing visitors will see. Cherry-pick your perfect design from a wide variety of traditional and contemporary styles. Use our online door-designer to create your new front door today at safeguardproducts.co.uk.

Choose your door colour

Let your imagination run wild with our collection of exclusive colours. Specially selected by our design team, there's a colour to suit every home.

Choose your glass design

Complement your new composite door with one of our decorative glass designs. Providing the finishing touch, there's a design to suit every property style - traditional, period, contemporary and modern.

Tried, tested and trusted

Water-resistant composites

Thanks to the water-resistant polymer composite rails, our doors will help keep water absorption away, this helps prevent a bowed door that could happen with solid timber core composite doors on the market.

Engineered wood

For improved stability.

Decorative glass

24mm Laminated glass units in both double and triple glazing for extra security and peace of mind

Foam filled core

The rising cost of energy bills and the impact on the environment means we all want to keep our consumption to a minimum. When compared to a solid timber core composite door (48mm) and a timber panelled door (44mm), calculations prove that our composite door is 50% more thermally efficient than the alternatives. *

Reinforced core

The reinforced central board gives you extra reassurance that your Safeguard door is both solid and secure.

Quality you expect

We have the best product in the market by far. Our superior GRP doors have a high impact resistant skin with a beautiful woodgrain finish which gives a Safeguard door an authentic and premium aesthetic.

* Based on indicative calculations
