Complementary styling for any period home. Ideal for big oak doors, heritage buildings and old cottages. Available in Black only.

More than just matching

At Safeguard, we give the smallest details our full attention to ensure we deliver a perfect product on every door and window.

- Prohesion Testing - Accelerated real world testing; Salt spray, cooling, heating & respraying
- Hardex Finish - Invisible skin that creates unmatched resilience
- Crafted Furniture - Engineered for enhanced strength and durability

Technical Guidance

Cleaning and Maintenance

Your Safeguard GRP composite door has been designed to be easy to maintain.

To keep your door clean, prolong the life of the surface finish and protect your warranty, we recommend you wash it regularly using warm soapy water (washing up liquid is ideal) and a soft, lint-free cloth. If you live in a coastal area, in a heavily industrialised area or near a main road, you may need to clean your door more frequently.

It is important that you DO NOT use any of the following on your door:

- Abrasive cleaners or scouring pads
- Any type of bleach or solvent (e.g. white spirit, methylated spirit, cellulose thinners, acetone or nail varnish remover)
- Any type of adhesives or tack for providing temporary protection or fixing of seasonal or other decorations etc
- High pressure or steam cleaners

Technical Figures

A Safeguard GRP composite door has a wealth of facts and figures that prove its quality. The door:

- Reduces outdoor noise by an average of 31dB
- Achieves Global Warming Potential (GWP) score of less than 5
- Achieves Ozone Depletion Potential (ODP) score of zero

Decorative Glass

Features and benefits:

- Decorative triple glazing
- Obscure double glazing
- The decorative centre pane is sealed within the unit therefore, it is protected from dust and weathering
- Easy to clean
- 6.8mm glass laminated as standard
- 50mm units available for 70mm doors
- Glass patterns may vary
- Slight bubbles, lines and surface imperfections are all characteristics of glass. They are not to be considered as defects as they add character to decorative glass.

Diagram represents a typical make up of our triple glazed glass. Please contact us for further info
