Comments: I am fully in support of the outside recreational area of the Fitness In Mind gym. I use the outside space regularly as part of my fitness routine that helps regulate my physical & mental health. Being able to train outside is pivotal to this. It is an outside space that creates a safe way of working out as a young women, a space that is unique to the local area & very much needed in the community. The Fitness In Mind business has always maintained respect for neighbouring residents & businesses & i be no hesitation in upholding my support for this application.
