Comments: This astro turf isn't visible from the residential road and any minor noise from people exercising is only in sociable hours. Residents of the small towns of disley and new mills need a safe space to exercise all through the year. Especially women. This gym provides this and in doing so is providing a much needed service for the public to improve their physical and mental health. The people attending fitness in mind are very respectful of the neighbours. We need the astro turf space to be able to also enjoy the outdoors and exercise in the fresh air. We have been assured the gym membership is not expanding further and numbers of attendees will be limited. I really feel this astro turf is only bringing positives for the community and not negatives. It isn't an eye sore and was build on brown field land which otherwise served no purpose.
