Comments: This application is really important to me.

I've been training with fitness in mind since it started and having a dedicated gym with also an outside training area is very good. The Astro area outside is an improvement as before was just rubbles and weeds plant.

The gym is open 6 days a week but only at certain time slot, not 12 hours as some of the neighbours have pointed out.

The parking might have been an issue at times but rare, by the way the classes have now been changed and classes are not staggered anymore to eliminate potential parking issues.
