Submission: Neither

Comments: I write to provide full support to the above planning application. Fitness in Mind is a valuable group where local people can come together and workout in a safe space, improving both their fitness and mental health. The change from a derelict and unused piece of land to a place, now, where the AstroTurf provides a valuable outdoor option to exercise, supplementing the indoor garage space already in use. The addition of the AstroTurf has improved the visual appearance of the area without impacting on any of the nearby residential buildings. Furthermore, the addition of an outdoor exercise space, I believe would increase natural surveillance of the area and would also deter anti-social behaviour.
