Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

☒ Yes

☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Creation of new accessible entrance to the building. The opening into the building is as existing, but a new glazed screen with doors is proposed.

Does the proposal consist of, or include, a change of use of the land or building(s)?

☒ Yes

☐ No

If Yes, please give a full description of the scale and nature of the proposed use, including the processes to be carried out, any machinery to be installed and the hours the proposed use will be carried out

The proposed use is as the new alternative entrance and community use to the Mechanics Institute. It is currently used by the Mechanics Institute, but this will link it internally to the rest of the building via a new lift to enhance its use.

If Yes, please fully describe the existing or the last known use, with the date when this use ceased

Currently used on occasion for community use - Santa's grotto, Well dressing workshops etc as well as a base for a wood carving group. It has also been used as storage space.

Has the proposal been started?

☐ Yes

☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The room to be used as the entrance is located within a community building. It is currently been used as part of that building for the community and previously been vacant under separate ownership.
It is thought that originally it was used as stabling / carriage space when the building was originally constructed.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

There is no planning history online for this building. The space was built as part of the Mechanics Institute.
Refer also to our statement 1866.Db.01

Select the use class that relates to the existing or last use.

F2 - Local community

Information about the proposed use(s)

Select the use class that relates to the proposed use.

F2 - Local community

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The change to glazed screen is minor and set within the original opening and the change to entrance just enhances the current use of the space - and will make the building much more accessible for a wider range of people.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☐ Yes
☒ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☒ The agent
☐ The applicant
☐ Other person

Details of the pre-application advice received

Duty officer telephone conversation. It was confirmed that he didn't think the use of the room or the change to glazed screen would need a planning application. However, the Town Council want to ensure they are following correct procedure and would like it in writing - hence the advice to apply for a Lawful Development Certificate.

The Town Clerk separately spoke to a duty officer where they confirmed that the space wouldn't necessarily have a planning use due to the age of the building, but would give it use F1.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Interest in the Land

Please state the applicant's interest in the land

- ☒ Owner
