Submission: Objection

Comments: We are current residents of Charlestown View which is directly opposite the site where this current planning permission is being considered for. Opulwood Developments are also responsible for the estate we live on and as I;m sure you are aware, they have disappeared from the job leaving our estate in an appalling, dangerous and uninhabitable condition. We have been chasing them for 2 years and have been fed a cocktail of lies from them when requesting updates on the completion of the estate. They have also changed company name and contact details on several occasions making them almost impossible to communicate with. This whole situation is ruining people;s lives and affecting everyone;s mental health.

We are therefore shocked and appalled that you as our council (whose responsibility it is to represent us) are even considering granting further planning permission to Opulwood before they have completed Charlestown View to an adequate standard.

Please do the right thing and refuse this planning permission until they have completed the work that was promised on Charlestown View.

Thank you
