Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

The plans relate to a decommissioned double decker bus operating as a café. The bus is 9.56m long, 2.5m wide, and 4.4m high. The bottom deck of the bus is a kitchen and hallway with stairs leading to the top deck which is a customer seating area.

The site is within the privately owned Furness Vale Business Centre. The bus is situated straddling a grassy area and the road and is encased within a wooden fence. The grassy area in front of the bus is where we serve customers from a serving hatch and we also have some outdoor seating for customers here.

There are some gardens used as an entrance for customers and also where customers wait if there is a queue for the toilet.

The business park has established parking for existing customers and employees which we are permitted to allocate for our customers and staff. Our allocated car park is indicated on the site map.

The change of use will be for a disused grass and gardens to now be used as café premises in the form of a double decker bus and for customer seating and car parking. We may host events such as live music in the outdoor area in summer. We have added some outdoor seating: two picnic benches, 2 x four seater tables, and 6 x two seater tables. The land owners also installed a fence around the bus and seating area. They allow us to use the toilet in the flat (the building next to the bus).

Has the work or change of use already started?

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

Amendments Summary

I have now updated the site plan to include the one small tree located in the gardens at the front of the bus that customers walk through to enter the bus. I have also indicated that the red line around the bus indicates a small wooden fence which was erected by the landowners prior to us opening. I have marked 2 picnic benches and 6 small bistro tables which we installed upon opening. The location plan now also indicates the access road to the highway which is Calico Lane (pre-existing).

The ownership certificate/notice served date is now within 21 days.
