Submission: Objection

Comments: The developers have not even finished the previous estate across the road, just walk across the road and take a look, it looks terrible, the road is a mess, the pathways are incomplete and uneven, all communal areas are unfinished, uneven, potholes and trip hazards everywhere. Landscaping non-existent. All the drains on side of the road are blocked. The entrance roadway always seems to be flooded with water. No street signs on entrance.

The council need to step in here and assist us residents who have been let down and also to prevent future victims from these developers when they do the same with this proposed site.
