Dear Sir or Madam

Re: Planning Portal reference: PP-13110621
Land at Linglongs Road, Whaley Bridge, Derbyshire

Please find enclosed an application to discharge condition 5 attached to outline planning permission ref. HPK/2017/0694 at the above site. The application comprises the following:-

- Application form;
- Decision notice ref. HPK/2017/0694 (for information only); and,
- Written Scheme of Investigation (WSI) for Archaeological Excavation prepared by Wessex Archaeology.

Condition 5 requires an archaeological WSI to be submitted to and approved in writing by the LPA. The enclosed document provides details of the fieldwork methods, post-investigation methods and reporting, provisions for archiving and curation and nominates competent persons to undertake the work. It is considered that the details are sufficient to discharge condition 5.

For information, communication regarding the archaeological works is ongoing with Mr Steve Baker, an Archaeology Officer at Derbyshire County Council.

Should you have any queries, please do not hesitate to contact this office.

Yours sincerely
Emery Planning
