Application Reference No. : HPK/2024/0143 Site Address: Derbyshire County Council Works Department Ashbourne Lane Chapel-En-Le-Frith Derbyshire SK23 0PA High Peak Comments by: Edward and Rebecca Bowen
From:

Submission: Objection

Comments: As a resident with a young family I am expressing my concerns about the proposed development, the reasons are as follows

The road is narrow and an increase in traffic would only add to the issues that residents are already faced with especially when the A6 is closed and traffic is diverted down Ashbourne lane. Furthermore with the proposed plans we would see more larger vehicles using the lane and this would put residents in danger.

The second point I would like to raise would be the operating times of the business as like a lot of residents we have young children and noise from industrial buildings would surely cause a disturbance, we have not been notified of the type of business and operations of it.

We have lived on Ashbourne lane for approximately 8 years and believe that this development is not right for this area, especially taking into account the copious amount of heritage that is linked with the site.
