Application Reference No. : HPK/2024/0143 Site Address: Derbyshire County Council Works Department Ashbourne Lane Chapel-En-Le-Frith Derbyshire SK23 0PA High Peak Comments by: James battye
From:

Submission: Objection

Comments: I strongly object to the above planning application, my reasons being, the increased traffic to an already busy road, I'm concerned about the safety mainly, there is a children's park spanning from the bottom of Ashbourne Lane, it's hard for children to cross the road safely now never mind with the increased volume including lorries etc

When there are cars parked outside the houses on Ashbourne Lane, it turns the road on to a single lane, larger cars, supermarket delivery trucks and large vans struggle to weave through, I'm sure anything larger wouldn't be able to manoeuvre safely.

The height of the units on the planning application state 8.9m high, the view from my house will be impaired by these units, in my opinion they are too high.

Another concern is noise & light pollution, will working hours be restricted?
