Submission: Objection

Comments: The document - SW390-PL006 Proposed Elevations appears to show a two storey dwelling with direct views into our property. The proposed site is in an elevated position, larger than the single storey stable building currently in place. The windows are directly facing our property, and trees for screening only cover half the building. Therefore I would be concerned on the impact on our privacy.

I would also be concerned about the impact of an extra dwelling on access to the narrow lane used to access 6,8,10 Stoneheads.
