Submission: Objection

Comments: I strongly object to this development. Cottage lane is always congested and I think that another 100 odd cars driving through every day is severely going to impact on the environment. This woodland is a haven for wildlife and precious green space. There are not the amenities to support more families. I needed to see my local Cottage Lane GP recently and was told I would have to wait nearly 3 weeks for an appointment! There are numerous half built developments nearby which should be prioritised for completing before Glossop is subjected to more. I have had the misfortune to have to drive daily out of Glossop both to Manchester and Stockport daily for work. As you are aware our infrastructure is simply at breaking point as indeed are many of our existing residents. The last thing this town needs is more congestion. Thank you for reading my comments.
