Email:

Submission: Neither

Comments: We would like to add that although we are entirely happy with the visual aspects of the proposed raised bed, there remain details to be agreed between ourselves and the applicants, to ensure that

- a) The gable-end wall of 104 PMR is protected from standing damp to its full length and depth;
- b) The opportunities for the applicants to develop their garden are maintained;
- c) The technical aspects of the construction, including regular maintenance, are sustainable in the long term.
