YOUR COMMENTS ON THE CASE

I apologise for my late comment.

I am the ward councillor for this residence. I did not make any comments at the time of the application as 1. I am a member of the Development Control committee. 2. I was in agreement with the application.

I believe that the conservation officer has put much too much emphasis on retaining the original glazing and not enough on the dangers of climate change and the reduction of carbon emissions. Also the benefits with regard to comfort and reduction of heating costs for the applicant seem not to be considered at all in respect of public benefits.

The windows at the rear of the building, which seem to be the only ones containing original glass, are not a prominent part of the building, so I fail to see why this application cannot be allowed.
