YOUR COMMENTS ON THE CASE

I have been kept informed of the whole process from the outset of my application and the appeal stage; the applicant has shared a great deal of detail with you. I support the appeal because of the benefits relating to sustainability of the building, fuel efficiency and energy costs. These are considerations for the benefit of the planet and not just the applicant. I think common sense should prevail and there are already several examples of double glazing along Broad Walk. It would also be in the interests of the other residents of Grosvenor Mansions. This is a residential property rather than a major heritage building and residents should not be denied 21st century comforts.
