Submission: Objection

Comments: The proposed use of the builders yard is totally inappropriate, as there is a children's playground nearby. There are several young families that live nearby and this proposal would potentially be dangerous due to the number of possible HGV's using the road. There is already no parking for most of the residents making it extremely difficult for emergency vehicles to access any of the properties. A planning application was recently refused due to the amount of extra potential heavy traffic using what is essentially a single track road.
