Submission: Objection

Comments: There is a large plot of land there we're there is a lot of wildlife including Badgers, Woodpeckers, etc. aren't Badgers protected species and shouldn't we be thinking about the natural environment instead of making another section a concrete jungle.

What about the play area for the kids, a lot play round there and now that the youth club has been closed your taking even more away from them.

51 cars = potentially another 102 cars on the roads turning out on a section that will struggle with the demand. Also, all that traffic with the children?!?!

Horse riders also use that track as it keeps them off the main road and there is a cut through that puts them on the later stage of cottage lane, this way riders are keeping horses off the road as much as possible. The introduction of this site will force more horses onto the road with more cars - a complete recipe for disaster!
