Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The existing lead roofing has been a target for thieves in the past, this has led to the removal of the roof in some areas as a direct result. This allows for water ingress and the obvious cost of replacement and repairs to any damages. The proposal from the school is to replace the old lead roof with a terne coated steel alternative.

Details of the pre-application advice received

The pre-application advice for the replacement of leadwork detailing at New Mills School confirms that a planning application is not required under Town and Country Planning Act 1990. The site is a grade II Listed Building within a coal mining High Risk Development Area. The proposed works are considered maintenance and do not significantly alter the building's external appearance. However, it is recommended to seek listed building consent. An ecologist's advice is advised for potential bat presence.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
