Submission: Objection

Comments: The infrastructure isn't robust enough for more houses along a main route out of glossop. Commuters travelling towards marple/Stockport will be subject to more congestion. Traffic into glossop from these houses via dinting will add even more commuter time or just journey time for residents trying to get in and out of glossop. There isnt enough school places or nhs dentists or gp places. The town is already famous for its congestion, Glossop cannot support more houses being built. More and more green spaces are being lost which is a negative for peoples wellbeing and mental health and also the loss of habitat for protected species such as bats and also owls and other wildlife.
