Comments: I have lived on Gamesley since 1978 (age one) And i walk to work Monday to Friday very early in the morning through this part of Gamesley (locally named the cut in) where the planning for the houses are wanting to be built. The amount of wildlife I see and enjoy makes my walk that more special. The birds song is beautiful. I see roe deer, baby rabbits, fox, owls and squirrels. As well as all the birds collecting food, grass and twigs for their nests. I feel if the builds go ahead, the natural wildlife will have nowhere to go, as most of our green spaces are being built on. Also, this are is right next to the nature reserve where many people of all ages like to walk and enjoy the fresh air and beauty of the trees, On my afternoon walk home I enjoy coming back through this way, again watching the birds and butterflies. Trying to drive up and down cottage lane is an absolute nightmare, sometimes having to sit and wait five or so minutes to get though because parking on both sides of the narrow road and it is just getting worse. More houses being built in our area means more vehicles. Please keep our green area!
