Submission: Objection

Comments: Cottage Lane is already congested; more houses will make it virtually gridlocked most mornings. The green space should be protected- it is an important habitat for birds, I see unusual species down there, such as tree creepers and nut hatchers. Also the new development up the road hasn't even been finished yet. Surely until that is done and all the houses sold, there should be a pause on any more new building in the same area, until the impact of those on the community can be assessed
