Submission: Objection

Comments: The original concept for this mast was to provide a signal for the residents of Heathfield Nook,

the new houses which have been built in this area, (this is due to no mast providing a signal for mobile phone, smart meters or RTI's availability) - however after the infinite wisdom of

Icon Tower to place a mast in a location which has a service i can not support this facility.

For it does nothing to help the people in my area . areas centered around sk179pp
