Submission: Objection

Comments: I feel that Cottage Lane Road will not cope with the addition traffic as it struggles now as a single lane with house owners rightfully parking outside their properties on 1 side of the road.

I fear that all the trees will be felled and like the building site Crowberries nearby, the builders will go bust and the site left.

I believed that trees are good for the environment and global warming so why would fell so many trees when Im sure a more suitable site could be found.
