Submission: Objection

Comments: On review of all comments I have identified a large volume of contentless, duplicated, and falsified submissions in support of the application which I believe should be discredited. Reasons for concerns and suspicions are as follows;

¿ The application was highlighted on social media on 19/07/2024

¿ From the 19/07/2024, multiple objectors from social media have had ¿Support¿ comments falsely submitted in their name

¿ The below 28 comments are flagged as in support of the plan but with zero content or reasoning submitted. In many cases the submissions are very close in time, predominantly providing only a forename and there are duplications;

Further to the above, the Highpeak.Gov.Uk website is only showing comments up until 03/07/2024 so it is possible that there are more examples. Collectively these concerns should be reviewed by the authority, and based on the lack of content as well as the other points highlighted, they should be discredited.
