Comments: I grew up on gamesley, and my mother still lives in the house I grew up in; and lots of my friends still live there. I feel that the plans for housing on the land behind cottage lane will be detrimental to the people already living on cottage lane and the surrounding area. This is basically a one way street at the best of times and more housing will put a strain on an already busy road, not to mention the area of wildlife that will be affected. This is an area of natural beauty that does not need to be raised to the ground for houses that are not needed. There has been a housing estate further up the road on the old Romeo vickers site that has been absolutely destroyed for no reason whatsoever, land has been destroyed and forever lost due to abysmal planning and subsidence that was already aware of by local people. Please do not make this mistake again by taking land that needs to be left alone
