Comments: The area in which the planned houses are being built is home to hundreds of animals including the rear deer that we have the privilege of seeing also the planned access route is not acceptable it's already a nightmare going up and down cottage lane and also the track that runs through that is used regularly for walkers, dog walkers and bike riders will be completely ruined they have started to build an estate at the top of the estate why don't this company take over that land and finish what has been left an absolute eye sore for everybody to see !! It's a big NO from me.
