Submission: Objection

Comments: I object on the grounds of extra traffic getting on and off the estate. The congestion in and out of the whole Glossop area is a nightmare and the infrastructure is inadequate. The entire road network is poorly maintained for the amount of vehicles that pass through. I also object because parking on Cottage Lane is so bad that it I also object as it will impact local services such as doctors. Considering there is only 1 doctors surgery that is already so poorly serviced that it takes weeks to get appointments. The stress the building work will simply by closing the road will prevent busses from getting through and these are a lifeline for some residents.
