Comments: Parish Councillors expressed their concern at their recent meeting on the following grounds: The fact that agricultural land was being used, that local roads cannot sustain further heavy goods vehicles, and the environmental disturbance. Councillors also asked that the Highway Survey would include a change from Give Way to 'Stop' at the end of Waterswallows Lane as it meets Batham Gate Road. In addition that this would pick up a traffic survey as they feel local roads have not had enough investment to sustain an increase in industrial use.
