Application Reference No. : HPK/2024/0310 Site Address: Land adjacent to Carndhu 13 Back Lane Charlesworth Derbyshire SK13 5HJ Glossop Comments by: Louisa Wilson
From:

Submission: Support

Comments: I support this application because of the benefit it will bring to the community. Early years provision has diminished significantly over the last 10 years and councils have no budget to provide such services. Families with young children benefit enormously from regular groups where their children can meet new friends and learn to play in a natural environment. The parents also benefit from meeting others in the same situation helping with their mental health and feeling supported.

I think it would be an asset for the community where attendees of the wellness events could use the lodges or local campsites or pubs creating a symbiotic relationship between the small businesses in the area.

The proposed canopy is non permanent and does not look to be placed where it will impact the natural beauty of the area.

The composting toilet is a good ecological solution and is being placed discreetly. The waste management could be a consideration for further detail but given the proposed usage I doubt it will be of concern.

The access is by foot which requires customers to park elsewhere in the village where it could cause some issues. This is already the case for existing businesses in Charlesworth except perhaps the Rugby Clubs and the Livery stables.
