Submission: Objection

Comments: I object to the planing as I feel they may start with good intentions of trying to avoid school traffic etc ie running the groups til 2:30 but by the time they have packed up had a chat there out at 3-3:30 when traffics at its worse, it also says on the planning permission about motor cross etc I could be wrong but it reads as if in the future they could change there business plan to one that would cause havoc. I also don't believe it will remain one weekend a year people are naturally greedy and if weekends work and they make lots of money then more weekends will be booked. Also more days during the week. The streets in question are to small to allow access to such a site, there's a path way up to Coombs rocks there too it will spoil he natural beauty of the hill side
