Email:

Submission: Neither

Comments: I think that expanding the space will lead to an increase in the interest in the sport as well as giving both kids and young adults an outlet for their anger or frustrations in turn improving the mental health of the young people in the town. As well as this I think that the increase in space will allow for our community to become one and get more involved as there will be more of an open space for events. As someone whose cousin is heavily involved in the amateur boxing scene I would love to see more people the same as him get involved in this sport
