Submission: Objection

Comments: I object to this planning as I live opposite the land in which is being asked to be build. for two years I have had issues with water log garden in which will be effected more once more houses are built. there is also alot of noise and dust!! the noise effects the birds which have only started to come since the building work has stopped. the bird have created more nests around the builds again since the noise and dust has stopped. I have had issues with breathing last summer due to the dust which is around. this has been fore more then 2 years. The noise effects me being able to work from home at times due to how loud it can get. I came to buxton to enjoy the country side. But in stead I have having issues with water log garden which also effects the football pitch too! the playing field is a major part of the coummunity which is also being effected.
