Submission: Objection

Comments: Not withstanding the impact on the wildlife and natural beauty of the area where this development is planned, I would like to understand how High Peak Borough Council is going to address the lack of sufficient road infrastructure, and access to medical and educational services to accommodate an increase in the population as a result of this development. There has already been a significant increase in available new housing in Buxton, namely at Harpur Hill and in the town centre, where the original plans were to include a medical centre at Devonshire Place but this has never happened.
