Submission: Objection

Comments: I am writing to OBJECT to this proposal.

Firstly I find it deeply worrying that Barratt Homes are choosing to build on our green space at the expense of local wildlife, wild flowers, rivers and nature in general. I have recently spotted deer in our locality is this really to be replaced by an unsightly housing project! There is brown land that could be used!

The risk of both airborne and water course contamination also concerns me alongside the increased flood risk.

We also need to consider local facilities, already stretched, with no sign of increasing or funding!
