Submission: Objection

Comments: I object to this planning application due to traffic congestion and parking issues around the ground which continue to be ignored.

Once again no traffic management plan has been proposed.

Residents have suffered verbal abuse on numerous occasions and we should be able to drive to and from our homes when an event is on without the severe congestion past the ground and surrounding roads.

I suggest that waste disposal from the ground needs to be looked at due to the amount of litter between the entrance on silverlands towards Woodside where large number of visitors park. The litter clearly comes from the canteen at the ground yet no bins are placed outside the ground around the perimeter.

I had no notification of this development.
