Submission: Objection

Comments: I object to the planning application as the traffic into Buxton via Fairfield Road has constant traffic queues and conjection already without adding more vehicles accessing the roundabout on the common, thus creating fumes and polluting the air quality.

We will loose more green space and the wildlife that live there, the land soaks up water so there would be a greater risk of flooding even with the added drainage.

There will be a greater risk of airborne and water course contamination also there will be furthur strains on schools, doctors and dentists.
