Submission: Objection

Comments: My Disabled son has occupied 1 Fiveways for 7 years in the Majority of this time there has been a risk to this house & neighbours being flooded, one of my concerns is how this area being developed is going to effect the quarries current management of the flooding risk ie the use of a diesel pump, maybe the quarry need to tackle the flooding issue first as all attempts to so far have failed to eliminate the the risk!

Another of concerns in regard to my son would be increased noise from the public, although we have Road traffic noise which isn;t always ideal, increase public noise (families) could cause him more stress, on these grounds we object to this planning application.
