Comments: As a Harpur Hill resident, I really do hope that this gets approved. We cannot always rely on our home internet connection and without this we cannot access online services or make phone calls...even in a emergency! As a taxi driver, we struggle to provide a service to the 'new build' areas of Harpur Hill as we cannot accept card payments due to the area having no network signal. Contactless or Card is often the preferred payment option nowadays, but we struggle to offer this option to the many customers living on the Persimmon, Barrat or Keepmoat developments. This new mast would be a huge benefit to businesses and residents alike.
