---

I would like to raise objection to the proposed Barratt housing development in Hogshaw Villa. The grounds under which i object are

- 1 Flooding issues due to run off through reduction in natural vegetation.
- 2 increase in traffic on Fairfield road and increase in atmospheric pollution which is already a problem there.
- 3 Threat to wildlife in the area
- 4 Asbestos within the site area
- 5 Threat to recreation area from Barretts future plan development
- 6 the use of new areas when Buxton has so many unused properties that could be used for housing. This is a disgrace and should be addressed.

Best

Dr Lucinda Barrett
