Subject: HPK/2024/0016 - Environmental Health Consultation#
Date: 11 September 2024 11:42:51

Hi James

ADVICE TO LPA:

The Environmental Health Department has no objection to the proposed development subject to the conditions set out below being applied to any permission granted.

CONDITIONS:

To protect the human health and the wider environment the following condition 1 is recommended. You are advised to consult with the EA as the tanks may present a risk to controlled waters.

1. CL07B - STORAGE OF OILS, FUELS OR CHEMICALS

The tanks shall be located within a bunded area that is impervious to spillages. Each bunded area shall be of a volume equal to at least 110% of the contents of the largest tank.

Any drain point to a bunded area shall be fitted with a locked cap, to prevent accidental escape of tank contents.

Regards

Matthew Rhodes
