Objection Comments:

The houses on Cottage Lane are mainly built in the 19th Century, ours was built in 1888. I am worried that heavy building nearby could damage the buildings and the design of the new houses are not in keeping with area.

From a personal point of view I admit it, I am worried about the value of my house being affected but my main concerns are losing more trees and that the infrastructure cannot support that many houses especially with 2 major building sites already going on very close to the area in Glossop.

Thank you for considering my opinion, Debbie Wilde
