Submission: Objection

Comments: This build is in a tree protection area. The town is lacking in infrastructure and already struggling to meet the town's population needs. This build would potentially add over another 100 cars to the local roads. The roads are already ready over loaded. There are not enough doctors, dentist or school places already to meet the towns needs. This build would not benefit the environment or the local community. It would only put extra pressure on a struggling community.
