Comments: The planning for this estate they want to build as 51 houses plus 2-3 car families, will completely ruin the area. How many times do we have to impress on the council planning committee about the immeasurable damage it would do to the woodland and how much congestion it would cause! You need to come and sit at Cottage lane and see how much traffic goes up and down the lane as it is a lane not a thorough fare for all the transport that goes up and down it . Plus you would then see how many cars are parked all the way up and down the lane and Down the sides of the lane . Then there is the wildlife that live there bats foxes owls even cuckoos are in those woods all the trees that will have to be felled! Does anybody realise that we are running out of room, there are houses being built on Glossop road and now Dinting how are they going to get doctors dentists school places, my family cannot get a dentist anywhere local, they rely on the dental hospital, it is a disgrace that there are no places for local people to get treatment.

the traffic is also horrendous in and out of Glossop. We are due to have more problems when the By- Pass starts, one set of temporary lights that are put up can put hours on your journey and cause major problems in getting in and out of Glossop.

Please take time to think about the effect this will have on the town and our crumbling roads.
