Submission: Objection

Comments: We have not received any direct information about this application. Cottage Lane is already a busy road with a number of parking issues. Adding additional housing will only cause further parking problems for current residents.. Traffic congestion is already a major issue in Glossop and the surrounding area. This will only add further congestion and problems with access to Gamesley and the town. Planning is already going ahead on Dinting and Glossop Road with a large number of houses being built. The infrastructure and services in Glossop, Gamesley and the surrounding area is not able to meet the demands of these continued increases in its population!!! GP practices aren't big enough to take on additional patients. NHS dentists are already nonexistent. Policing has been cut. The schools don't have the capacity. There is no train station on Gamesley so additional residents add to the traffic problems. The wildlife in the area (deer, badgers, bats, etc) will be harmed and their homes taken to make way for this housing. You cannot continue to allow housing to be passed without providing suitable transport links, sorting the traffic and congestion issues and providing suitable public services to meet the increased demands!! In addition i echo all comments in objection to these plans that have been provided by my neighbours and other residents.
