Submission: Neither

Comments: Site Acoustics / noise comment. The original 2021 planning application was specifically for the site to be for the sole use of Avanti Conveyors Ltd. As far as I'm aware Avanti will now not be the end user of the proposed identical factory unit. There is therefore no information relating to the proposed end use in terms of noise generation. Please can the council comment / inform us as local stakeholders as to who will be the new proposed end user, and give guarantees of suitability in respect of noise, and for that matter, any other relevant criteria.
