Submission: Objection

Comments: The woods on cottage lane are a special area used by so many to walk their dogs and get some fresh air. The gamesley community already struggles with lack of transport (as many can;t afford cars) in and around the Glossop area so the fact that they have this as an option to remove themselves from their already cramped living conditions is a saving grace. Building on this site would not only be inappropriate for them but for the wider Glossop population, with traffic causing chaos on most days, schools bursting at the seams and healthcare providers completely unable to cope with the influx of patients leaving people having to wait months for appointments as it is. Bringing more people to Glossop is irresponsible and would be adding nothing but misery to an already stretched population. Had this been an application for a school or healthcare facility then I would welcome the idea but of course it is not.
