SK13 0DD

Submission: Objection

Comments: I wholeheartedly object to the HPK/2024/0401 application to build more houses in an already overcrowded area, adding to the traffic problem we already have in this area and the surrounding area of Glossop.

Cottage Lane itself already has its own problems of congested traffic. To make the area suggested as access to this

building site will be a 3-way problem of traffic, including buses, with cars waiting at the top to come down Cottage

Lane, cars waiting to travel up Cottage Lane, and cars waiting to come out of the suggested way from the proposed

estate. It is unthinkable! Not for those of course who will not be living here! The traffic of working lorries in and out

of the suggested site etc What about the cars which belong to Cottage Lane homes, and park all the way down Cottage Lane?

This is a further problem of traffic holdups that all the surrounding areas have had to put up with over recent months. and still continues, and a problem we do not want or deserve.
